DIRECTIONS FOR USE

TREATMENT EXPERTISE

- Prepare a small dish with warm water.
- Prepare the scrub: GOMMAGE DOUX PRO (80 g or 8 tablespoons) + AROMATIC CONCENTRATE of your choice (2 doses: 0,75 ml maximum). Mix using a spatula.
- Scrub zone by zone.
- Apply the scrub using circular movements and adapt pressure according to skin sensitivity, tissue thickness and vascularisation.
- Insist on hyperkeratinized areas.
- Emulsify with water in the same zone using similar circular movements.
- Finish with a final effleurage.

Take the customer to the shower and ask her to rinse off without using any soap.

Important

- Avoid using GOMMAGE DOUX PRO on the same day as waxing or UV exposure.
- Also avoid using on highly sensitive skin and any other irritated skin such as cuts or scrapes.
