- Avoid contact with eyes
- Results\*:
  - Soft skin: **100%**
  - Nourished skin: **100%**
  - Smooth skin: **100%**

### DIRECTIONS FOR USE

#### TREATMENT EXPERTISE

- Prepare a small dish with warm water.
- Prepare the scrub: GOMMAGE SEL PRO (50 g or 5 tablespoons) + HUILE DE MASSAGE (25ml) + GEL NETTOYANT (5 ml) + AROMATIC CONCENTRATE of your choice (2 doses: 0,75 ml maximum). Mix using a spatula.
- Scrub zone by zone.
- Apply the scrub using circular movements and adapt pressure according to skin sensitivity, tissue thickness and vascularisation.
- Insist on hyperkeratinized areas.
- Emulsify with water in the same zone using similar circular movements.
- Finish with a final effleurage.

Take the customer to the shower and ask her to rinse off without using any soap.

#### Important

- Avoid using GOMMAGE SEL PRO on the same day as waxing or UV exposure.
- Also avoid using on highly sensitive skin and any other irritated skin such as cuts or scrapes

**Number of applications for a 500 g jar  
10 scrubs (50 g of exfoliant per application)**
