DIRECTIONS FOR USE

PROFESSIONAL USE

Exfoliation

- Apply the soft peeling (walnut size) to the decollete, neck and face including the eye contours.
- Penetrate with effleurages.
- When the product starts to dry, peel with finger tips with quick and light movements.

 Do not rinse off

Notes

- To remove perfectly all particles, use a wet wipe **on the hairline**.
- If the skin is dehydrated, the product will be completely absorbed. Repeat the application to get the exfoliating effect.
- Soft Yon-Ka brushes are used in OPTIMIZER facial to finish the removal of particles and to stimulate the skin.

 _____
