  - Tolerance tested by dermatologists
- \* Hydration test by corneometry, application over 10 female adult volunteers (18 to 65 years), with dry to dry tendency skin.

#### DIRECTIONS FOR USE

##### PROFESSIONAL USE

###### Blackhead extraction

- Apply HYDRA + on the areas to be treated. Penetrate using pinching and kneading movements. If necessary, massage under steam, then proceed with extraction.

###### Base cream

- For a customized skin care, add few drops of HYDRA + to complete the cream.
- Apply to the neck and face.

##### HOME USE

- In the morning and/or evening, mix 1 to 2 pumps of HYDRA + with your normal cream and apply to the face and neck.  
For one month and whenever the client feels the need.

###### The Yon-Ka « Plus »

- For long lasting make-up mix HYDRA + with the day cream.
- Obstinate blackhead extraction: apply HYDRA + locally in the evening, for a fortnight, before LE GRAND CLASSIQUE, VITAL DEFENSE, PURITY TREATMENT OR MEN INTENSIVE facials.
